ACKNOWLEDGEMENT

I take this opportunity to thank all who have contributed towards shaping this Final Year Project Report. I would like to express my sincere thanks to my respected guide and HOD (DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING) **Prof. Deepak Kumar Verma**, whose help in the course of development of this manuscript is invaluable. As my supervisor, he has constantly encouraged me to remain focused on achieving my goal.

I would also like to thank the technical staff members of the Department who have been kind enough to advise and help in their respective roles. I have been fortunate to have a wonderful support structure among fellow students. My sincere thanks to everyone who has provided me with kind words, new ideas, useful criticism, or their valuable time. I am truly indebted. Last but not the least, I would like to dedicate this work to my family for their love and understanding.
